Thanks Nadia

Please Cc Kathy Melltzer on Resource issues as she is now our finance person.

Let's do a daily physical posting of this chart in the EOC under the gold king status
..most current version for the 11 am AC meeting.

Kathryn Lawrence
Emergency Prevention and Preparedness
EPA Region 9

Sent from my BlackBerry 10 smartphone on the Verizon Wireless 4G LTE network.

Hi, I added some positions to indicate requests we got on the 213RRs yesterday. I am not sure how we manage the START resources and whether I should have those in here (the Doc unit request said EPA or START) I checked with Farmington contact MSTC McClellan and we aren't missing one, they don't need the liaison yet. They said another is coming today for START data recorder and something else. I am keeping and updating these charts on the share drive G:\ERS_Gold King\RESL

Tana-do you have the information I need to put a start and end date on these staff folks? Is this staffing chart missing anyone you know of out there, etc.?
